# Two arrested for rape, Rustenburg

**Rustenburg** – Two suspects, Erick Chauke (45) and Sunnyboy Olifant (30), appeared before the Rustenburg Magistrates' Court on Monday 23 May 2016, on two separate charges of rape. They were both remanded in custody until their next hearing on Monday, 30 May 2016, for their formal bail application.

According to Sergeant Ofentse Mokgadi, police spokesperson, Chauke allegedly raped a 25-year old woman on Thursday, 19 May 2016, in East-End, Rustenburg.

The woman was on her way to drop off her CV, but not knowing the directions, accepted the assistance of the suspect. He also reportedly offered to accompany her to an additional company seeking CV's, but on their way

walking in an open field near the Rustenburg industrial area, he pulled out a knife and raped her.

In the second rape case reported, Olifant was arrested on Sunday, 22 May 2016, for the rape of a 38-year old woman, according to Sgt Mokgadi. The rape occurred near the railway line in Bleskop on Sunday, 15 May 2016.

The woman, with her son at the time, was hijacked by three men, held at knife point – and instructed to drive to the said location. The woman was raped by two of the suspects and robbed of her belongings.

The Rustenburg station commander Brigadier Gertrude Modise condemned both incidents and thanked the Men in Blue for a sterling job.

# Illegal Abortionist Doctor arrested

**Brits** – A 27-year old woman was admitted by the Brits District Hospital after she underwent an illegal abortion gone awry. The acting unit operational manager at the hospital, Sister Motake, confirmed that the said patient had previously undergone a caesarean section. The patient delivered a still born weighing 660g.

When the nurses conducted their examination, the woman confessed that she drank tablets to induce an abortion from a Doctor for R 1500.00. She supplied the location of the doctor.

In cooperation with the Brits District Hospital, the Police has opened a case against the 'bogus doctor' with regards to the contravention of the Medicine Act 101 of 1965 (as amended). The 'doctor' was charged with the unlicensed distribution of medicine and related products.

One of the sisters, Sister Motake, posed as a patient at the said doctor in order to prove that the bogus doctor was indeed selling medication, according to the Acting Hospital CEO, Ms Moromane. "The so-called doctor prescribed her with x5 cytotec tablets and another unidentifiable tablet."

The Department of Health

are elated that the Brits Police arrested five suspects the very same day. "Following our rigorous campaigns of illegal and unsafe abortions, these arrests could not have come sooner," the North West MEC for Health, Dr Magome Masike, said in a statement on 23 May 2016.

Abortion has since 1975 been legalized in South Africa. The Department of Health promotes pregnancy resolutions as informed by the Choice on Termination of Pregnancy (CTOP) Act (Act 92 of 1996), with the purpose of promoting reproductive rights and to extend freedom of choice by affording every woman the right to choose whether to have an early, safe and legal termination of pregnancy according to her individual beliefs.

Regardless of efforts to raise awareness against illegal abortion and promotion of CTOP, the Department has seen a sharp increase in cases of illegal and unsafe abortion which are evident to PV Bleeding and Manual evacuations (miscarriages). A total of 927 PV bleeding cases have been reported between April 2015 and March 2016.

The North West MEC for Health, Dr Magome Masike has commended the nurses and a clerk – who led to the arrest of a bogus doctor in Brits.
